To Whom It May Concern

Western States Corvette Council, an organization of Corvette clubs, is holding their annual convention in Las Vegas, May 5<sup>th</sup>-9<sup>th</sup>, 2010. Officially, the convention is called the WSSC Western States Corvette Convention, 2010. This event is one of the annual highlights for WSSC members. Once again, Hot Nevada Vettes has been selected to host the event in 2010. After last year's attendance numbers we're expecting over 400 cars to attend next year. The convention is aggressively promoted on Corvette Forum, Smokin' Vettes and a host of other internet communities. We also ran a national ad campaign in American Sports Car Magazine and plan to do so again this year. Last year we had cars travel to the convention from, 31 different Corvette clubs from all over the all over the US. Activities will include; Rallyes, a Fremont Street Car Show, Drag Racing, Autocross, Go-cart racing and a host of social activities. It is four days of non-stop fun!

We appreciate any support from vendors in the automotive community. WSSC/Hot Nevada Vettes is seeking contributions for our convention goody bags and door prizes. We're asking our supporters to ship us their items by the end of April so we'll have time to put the bags together.

We will be raising money for the American Cancer Society through Corvettes Conquer Cancer. Last year we rose over \$3000 and we hope to at least double that in 2010.

Shipping address for item:

We are requesting 400 goody bag items. Please do not send plastic bags.
